

### AVAILABLE AS

HG001GZ without battery and charger

### USER BENEFITS

- Performs a wide range of heat processing tasks: heating and shrinking heat-shrink tubing, applying adhesive vinyl sheets, installing vehicle wrap films, connecting hoses ...
- The tool maintains constant temperature and airflow by adjusting the current when battery voltage drops
- Equipped with a lock-on button for comfortable continuous operation
- Equipped with a single LED light with after-glow function

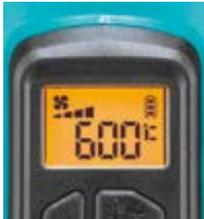

### TECHNICAL SPECIFICATIONS

|                            |                             |
|----------------------------|-----------------------------|
| Accumulator voltage        | 40 V max XGT                |
| Air volume                 | 120 / 150 / 180 / 200 l/min |
| Air volume setting stages  | 4                           |
| Temperature                | ambient-600°C               |
| Temperature setting stages | 60 (increments of 10°C)     |
| Dimensions (L×W×H)*1       | 191 x 86 x 266 mm           |
| Weight*1                   | 1,5 kg                      |

\*1 With BL4020 battery

### PRODUCT HIGHLIGHTS

**Backlit LCD screen**  
For precise adjustment and clear view of temperature and airflow.

**Quick release nozzle installation/removal**  
The quick-release mechanism allows tool-free nozzle removal without touching hot metal parts.

**Stationary use**  
The flat back design enables the tool to rest on its back for stable, stationary use.

**Memory function**  
Saves the last used settings to be automatically applied the next time the tool is powered on.

### COMPATIBILITY

Recommended: BL4040, BL4040F, BL4050F, BL4080F, BL4080H  
Compatible: BL4020, BL4025
